Specific links to curriculum

This camp program includes aspects of Outdoor Learning, Health and Physical Education, HASS F-6, Geography 7-10, History 7-10, Civics and Citizenship 7-10, Economics and Business 7-10, Science Learning Areas. All areas can be delivered to meet the developmental needs of each year level.

This program also has strong links to Cross Curriculum properties such as Sustainability, Aboriginal and Torres Strait Islander Culture and Australia-Asia Engagement.

This camp is particularly ideal for drawing out personal development and self-awareness and connection with nature and sustainability issues. It is also designed to apply direct attention to the following General Capabilities: Creative and Critical Thinking, Personal and Social Capacity, Ethical Understanding and Intercultural Understanding.

To discover more please refer to a link [here](#) on Outdoor Learning and how it links to the Australian Curriculum. Outdoor learning is the crux of every camp delivered from Phillip Island Camps.
