

## YEARS 7 - 10

*Individual focus will encourage group cohesion and community mindfulness. The level of adventure is increased and the experiences encourages personal reflection, history and environmental significance. Experiences and challenges are built to increase creativity, conflict resolution thinking, leadership and social skills.*

### ISLAND ADVENTURE DISCOVERY

This series of activities focuses on building social relationships and working collaboratively whilst getting to immerse in nature and outdoor recreation activities.

#### ACTIVITIES CAN INCLUDE:

- Surfing
- Penguin Parade
- Koala Conservation Centre
- Indoor Rock Climbing
- Pelican Feeding
- Ten Pin Bowling
- Chocolate Factory & more

### FUTURE INFLUENCERS

#### ENVIRONMENTAL & CULTURAL

This program endeavors to connect students to a sense of wonder and care for the natural environment through cultural and indigenous based activities that can include the following:

- Exploration Trail Nature Walks
- Coastal Bush Pantry
- Seed Collection & Propagation
- Kayaking
- Penguin Parade
- Ranger Programs

Environmental Activities can be based on the current lesson plan of the school curriculum
